Fred, You are quite welcome. I would point out, however, that although the Congressmen spelled my name correctly at the hearing in Charleston, they pronounced my first name as la-FE, I guess assuming that I was French. It's all surreal. Lafe

Lafe, [redacted] *Non-Responsive*. More importantly, I hope that you are doing well albeit you must at times feel that you are perched on the hottest seat in town. On the other hand, as the legendary four term Mayor of Boston, James Michael Curley, was fond of pointing out, “it doesn’t what the papers say about you just as long as they spell your name right.” Regards, Fred
