Re:  Request for Investigation of Use of Government-Owned or Leased Vehicles

Dear Acting Inspector General Parisa Salehi:

I write on behalf of Cause of Action Institute ("CoA Institute"), a 501(c)(3) nonpartisan government oversight organization, to request that the Export-Import Bank ("EXIM") Office of Inspector General initiate an investigation into EXIM’s potential misuse of government-owned or leased vehicles ("GOVs"). CoA Institute has reviewed EXIM’s vehicle-use log and identified twenty-four potential violations of EXIM’s Vehicle Use Policy since January 1, 2017.¹

In response to a report published by your office in 2016, EXIM agreed to update the agency’s Vehicle Use Policy and put in place a vehicle log to track the use of EXIM GOVs.² Building upon your work, CoA Institute submitted a Freedom of Information Act request ("FOIA") to EXIM on April 3, 2019, seeking the updated Vehicle Use Policy and the vehicle-use log from January 1, 2017, to the present.³ CoA Institute received EXIM’s final response to the FOIA request on May 7, 2019, in which the agency released the requested records in their entirety.⁴

The EXIM Vehicle Use Policy provided to CoA Institute states specific criterion for which employees are eligible to use GOVs:⁵

The Bank allows officially designated employee operators (drivers) to use GOVs for the following official purposes:

1.3.1 Transporting the Chairman and/or Directors for official purposes.

¹ Ex. 1. An Excel version of this file is attached to the cover e-mail. CoA Institute has also attached the source Excel file provided by EXIM in response to the FOIA request.

³ Ex. 2.

⁴ Ex. 3

⁵ Ex. 4
1.3.2 Providing courier service between the Bank and other federal agencies and embassies.

1.3.3 Transporting Presidential appointed, Senate Confirmed (PAS) employees to meetings and conferences.

1.3.4 Home-to-work travel is only allowed per the Federal Management Regulation Part 102-5 criteria, which generally do not apply to Bank business.

1.3.5 Travel for personal errands/business (e.g., stops for meals and pick up the dry cleaners) is only permitted for TDY travel.

1.3.6 Transporting Government contractors for official purposes that are authorized by their contract.

CoA Institute’s review of the vehicle-use log provided in response to the FOIA request identified twenty-four instances where the use of GOVs may have violated EXIM’s Vehicle Use Policy. Specifically, it appears that GOVs were used to transport employees who are neither “Chairman and/or Directors” (1.3.1) or “Presidential appointed, Senate Confirmed (PAS) employees” (1.3.3). Further, ten of the trips were to House or Senate office buildings and therefore not covered by “[p]roviding courier service between the Bank and other federal agencies and embassies.” (1.3.2).

The lack of detail in the vehicle-use logs should also be addressed. In a Management Comment in the 2016 Inspector General report, EXIM stated that its vehicle log would be used “to document when the vehicles are used (date and times), by whom, for what purpose, starting and ending locations, total mileage, fuel usage, and other relevant data.” But the vehicle use log provided to CoA Institute fails to include information about the purpose of many of the GOV trips, making it difficult to decipher if the GOV was used for an official purpose and not for personal errands or home-to-work travel.

For these reasons, CoA Institute respectfully requests an investigation into this matter by the Office of Inspector General. If you have any questions about this request, please contact me by telephone at (202) 499-2422 or by e-mail at kevin.schmidt@causeofaction.org. Thank you for your attention to this matter.

Re: Freedom of Information Act Request

Dear FOIA Officer:

I write on behalf of Cause of Action Institute (“CoA Institute”), a 501(c)(3) nonpartisan government oversight organization that uses investigative, legal, and communications tools to educate the public about how government accountability, transparency, and the rule of law protect individual liberty and economic opportunity.¹

Pursuant to the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552, CoA Institute hereby requests:

- A copy of the Export-Import Bank’s (“Ex-Im”) Vehicle Use Policy
- Ex-Im’s vehicle use log from January 1, 2017, to the present.²

Ex-Im referred to these documents in response to a 2016 report from the Office of Inspector General.³

Request for a Public Interest Fee Waiver

CoA Institute requests a waiver of any and all applicable fees. The FOIA and applicable regulations provide that the agency shall furnish requested records without or at reduced charge if “disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not

¹ See CAUSE OF ACTION INSTITUTE, About, www.causeofaction.org/about/.
² For purposes of this request, the term “present” should be construed as the date on which the agency begins its search for responsive records. See Pub. Citizen v. Dep’t of State, 276 F.3d 634 (D.C. Cir. 2002). The term “record” means the entirety of the record any portion of which contains responsive information. See Am. Immigration Lawyers Ass’n v. Exec. Office for Immigration Review, 830 F.3d 667, 677-78 (D.C. Cir. 2016) (admonishing agency for withholding information as “non-responsive” because “nothing in the statute suggests that the agency may parse a responsive record to redact specific information within it even if none of the statutory exemptions shields that information from disclosure”).
primarily in the commercial interest of the requester.”4 In this case, the requested records unquestionably shed light on the “operations or activities of the government” as they will reveal whether Ex-Im has implemented recommendations from the Office of Inspector General. Responsive records will significant contribute to public understanding because, to date, the Vehicle Use Policy and vehicle use logs have not been publicly released.

CoA Institute has both the intent and ability to make the results of this request available to a reasonably broad public audience through various media. Its staff has significant experience and expertise in government oversight, investigative reporting, and federal public interest litigation. These professionals will analyze the information responsive to this request, use their editorial skills to turn raw materials into a distinct work, and share the resulting analysis with the public, whether through the Institute’s regularly published online newsletter, memoranda, reports, or press releases.5 In addition, as CoA Institute is a non-profit organization as defined under Section 501(c)(3) of the Internal Revenue Code, it has no commercial interest in making this request.

**Request to Be Classified as a Representative of the News Media**

As the D.C. Circuit recently held, the “representative of the news media” test is properly focused on the requestor, not the specific FOIA request at issue.6 CoA Institute satisfies this test because it gathers information of potential interest to a segment of the public, uses its editorial skills to turn raw materials into a distinct work, and distributes that work to an audience. Although it is not required by the statute, CoA Institute gathers the news it regularly publishes from a variety of sources, including FOIA requests, whistleblowers/insiders, and scholarly works. It does not merely make raw information available to the public, but rather distributes distinct work products, including articles, blog posts, investigative reports, newsletters, and congressional testimony and statements for the record.7 These distinct works are distributed to

the public through various media, including CoA Institute’s website, Twitter, and Facebook. CoA Institute also provides news updates to subscribers via e-mail.

The statutory definition of a “representative of the news media” contemplates that organizations such as CoA Institute, which electronically disseminate information and publications via “alternative media[,] shall be considered to be news-media entities.”\(^8\) In light of the foregoing, numerous federal agencies have appropriately recognized CoA Institute’s news media status in connection with its FOIA requests.\(^9\)

**Record Preservation Requirement**

CoA Institute requests that the disclosure officer responsible for the processing of this request issue an immediate hold on all records responsive, or potentially responsive, to this request, so as to prevent their disposal until such time as a final determination has been issued on

the request and any administrative remedies for appeal have been exhausted. It is unlawful for an agency to destroy or dispose of any record subject to a FOIA request.  

Record Production and Contact Information

In an effort to facilitate document review, please provide the responsive documents in electronic form in lieu of a paper production. If a certain portion of responsive records can be produced more readily, CoA Institute requests that those records be produced first and the remaining records be produced on a rolling basis as circumstances permit.

If you have any questions about this request, please contact me by telephone at (202) 499-2422 or by e-mail at kevin.schmidt@causeofaction.org. Thank you for your attention to this matter.

Re: FOIA Request # 201900038F

Dear Mr. Schmidt:

This is the final response to your Freedom of Information Act (FOIA) request to the Export-Import Bank of the United States (Ex-Im Bank). We received your request in our FOIA Office via E-mail on April 3, 2019. You requested the following information:

1. “A copy of the Export-Import Bank’s (“Ex-Im”) Vehicle Use Policy
2. Ex-Im’s vehicle use log from January 1, 2017, to the present.”

We conducted a comprehensive search of the files within the Office of the CFO, Acquisition & Business Services Division and the Office of Strategy & Performance, Facility Services & Capital Planning Department for records that would be responsive to your request. These are the component(s) within Ex-Im Bank in which responsive records could reasonably be expected to be found. The search produced the attached records. After carefully reviewing the responsive documents, we have determined they are releasable in their entirety; no deletions or exemptions have been claimed. For your convenience, we are attaching the documents to this message as a PDF and an Excel File.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. See 5 U.S.C. §552(c) (2006 & Supp. IV 2010). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all of our requesters and should not be taken as an indication that excluded records do, or do not, exist.

Ex-Im Bank’s FOIA regulations at 12 C.F.R.404.9 (a) state that Ex-Im Bank shall charge fees to recover the full allowable direct cost it incurs in processing request, but as a courtesy, we are waiving all fees.
I trust that this information fully satisfies your request. If you need further assistance or would like to discuss any aspect of your request please do not hesitate to contact our FOIA Public Liaison, Ms. Lennell Jackson at (202) 565-3290 or by E-Mail at Lennell.Jackson@exim.gov.

Sincerely,

Lisa V. Terry
